**We suggest #1 or #2 to put on rough surfaces such as cement, asphalt or paving stones.** These courts have a gutter (in terra cotta) and a white bumper to always keep the discs sliding on plastic. This ensures a perfect gliding ability forever by keeping discs free of scratches. Without them, your discs will feel as if someone glued sandpaper under them. You can use wax, but it will not slide well like disks without scratches.

**We suggest #3 to #6 for soft surfaces such as wood, plastic, carpet.**

This applies to official-size courts (6' wide ) and compact-size courts ( 5',4'or 3' wide ).

Call us for more info: 1-800-377-1066 Or shop directly on our **NEW BOUTIQUE on line** at:

The Planet Shuffleboard™ gaming surface can be easily installed on a wooden base in your back yard. Expect hours and hours of fun with friends and family !

1-If the frost move the platform during the winter or if the ground is compacted over years, you simply need to put it back level.

It is a lot easier than trying to put back level a cement Platform.

2- It keeps discs as new for a long period and assure an outstanding sliding ability because discs do not get scratched under.

3- No need to put beads on the court or to wax your discs.

**MAINTENANCE FREE COURT**

**Official size are #1 to #6**

For all official courts #1 to #6, the playing area in green is 6' x 40'

Lines are painted white.

Courts #1 and #2 are recommended for hard surfaces such as cement, paver or asphalt. Courts #3 to #6 are for soft surfaces such as wood, carpet, linoleum.

**Court#1 Rolls-Royce 10' x 52' \$4384 us**

Playing area = 6' x 40' = 240 sq. feet green  
 Shooting area = 6' x 6' both ends  
 + 2' alley both sides = 280 sq.f. in Terra Cotta  
 + 124 linear feet of white bumper ----->

**Court#2 Cadillac 8' x 52' \$3545 us**

Playing area = 6' x 40' = 240 sq. feet green  
 Shooting area = 6' x 6' both ends  
 + 1' alley both sides = 176 sq.f. in Terra Cotta  
 + 120 linear feet of white bumper ----->

**Court#3 Official A 6' x 52' \$2867 us**

Playing area = 6' x 40' = 240 sq. feet green  
 Shooting area = 6' x 6' both ends  
 116 linear feet of yellow edge all around----->

**Court#4 Official B 6' x 52' \$2611 us**

Playing area = 6' x 40' = 240 sq. feet green  
 Shooting area = 6' x 6' both ends  
 36 linear feet of yel. edge around shooting---->

**Court#5 Mini A 6' x 40' \$2214 us**

Playing area = 6' x 40' = 240 sq. feet green 92 linear feet of yellow edge all around----->

**Court#6 Mini B 6' x 40' \$1958 us**

Playing area = 6' x 40' = 240 sq. feet green  
 12 linear feet of yellow edge at both ends----->

The plans below are similar in all versions . Only the dimensions change. These are compacted sizes.

In 5 "wide , the playing surface in green = 5 'x 32'
